Beginning Waltz with Gaye & Wayne Fifer music by *Jim Good & Russ Childers*
The class will focus on basic waltz steps, with attention to clear communication and connection with the music and with your partner.

Belly Dance with Michele Martin

Come join us for a fun time of learning basic Middle Eastern dance movements that can be incorporated into most any dance form you wish.

Caller's Workshop with Bev Bernbaum, music by *Cary Ravitz*

The Power of Words! Whether it be teaching a walk thru, talking to the band about tunes, calling a dance or giving/receiving feedback, words are the ***most*** important tool a Caller uses. Come learn about how words influence the whole dance experience. Willing participants will have an opportunity to call a dance so bring cards if you have 'em. This workshop is for callers of all levels.

Connection in dance with Blues: with Ben Douglas & Paula Gollnick

A Blues dancing workshop focusing on connection in dance. You'll leave this workshop with a better understanding of how to connect to your dance partner, the music, and yourself. We'll also look at close embrace, a little dance etiquette, and give you more confidence to attend a social blues dance.

DJ Contra with Ryan Smith music by *Bill Ross (The Contra Kid)*

Have you ever listened to a song on the radio and thought "you could totally contra dance to this"? Then this is the work shop for you, because that exactly what we're going to do. Using popular songs from the '80s to today, we'll dance to many you know with some surprises along the way.

DJ Dance Music—music by *Bill Ross*

Music from various classes of this day for your dancing/listening enjoyment.

English Country Dance: with Mike White with band members from the Cincinnati English Country Dancers musician groups – Mike will introduce you to some graceful English dances from historical sources as well as more recently composed dances. If you are new to the English country, you will encounter some movements different than the Contra Dance form, but similarities as well.

Intermediate Waltz with Gaye & Wayne Fifer music by *Jim Good & Russ Childers*

The workshop will focus on beyond-the-basic waltz steps, with an emphasis on the nuances of clear leading and aware following. The goal is to build confidence & competence while having fun!

Israeli Dance with Georges Augustin & Jeanine Kuflik

In this workshop we'll learn Israeli circle/partner dances to traditional and popular modern songs.

Irish Set Dance with Daniel Flora

Irish Set Dancing is one of the many precursors of Contra. It is an Irish Social Dance with energy and creativity for everyone of any age and skill.

Musician's Jam & Enjoy with Ben Hemmendinger

There are some magic moments in group playing -- some feel a state of flow, transcendence, or release. Sometimes those moments are exciting, other times calm and deeply connected. Let's talk about what brings us there, and experiment as we play!

Polka: A Concise History with Bonnie Carpenter & Alan Duffy

Basic polka steps will be taught, both turning and in position along with some easy variations. Class is for beginner level and above.

Yoga with Ami Blue

Slow down your Saturday morning with a gentle flow yoga class guided by breath and movement, accessible to all dancers.
